

## MATHEWSON SIGNS UP FOR \$15,000

NEW YORK GIANTS WILL HAVE  
SERVICES OF GREAT PITCHER  
IN 1911.

NEW YORK, Nov. 17.—Christy Mathewson has just signed a contract with the New York club for next season at the highest salary ever paid in the history of the game. It is understood that Matty will receive for his services next season \$15,000. Big Six had a long conference with John T. Brush and while the financial dealings of a club with its players are never made public, it is said on good authority that Mr. Brush volunteered Mathewson the advance in salary.

The highest price ever paid a player up to this time was \$10,000. It is generally known that Fred Clarke, Hans Wagner and Tommy Leach of Pittsburgh were paid \$10,000, and that the same money was received by Christy Mathewson. Ty Cobb gets in the neighborhood of \$7,000.

Hans Wagner received \$10,000 for several years, and it may be news to the public that the big increase in his salary which was made seven years ago was paid for five years by the National league. At that time the war was on and the American league tried every way possible to get Wagner as an attraction. The Pittsburgh club was not able then to pay the big increase and the National league directors, it is understood, met and agreed to pay the difference so as to keep the big Dutchman in the league as a drawing attraction.

Wagner and Mathewson are the two biggest drawing attractions of the National league, while in the American the crowds turn out to see Ty Cobb, Lajoie and Hal Chase. Up until he became manager of the Cleveland club Lajoie received a salary of \$7,500.

Kid Nicholas, the old big league pitcher, makes his home in Kansas City, where he manages a semi-pro ball team in summer and a bowling team in winter.

The Philadelphia, the Cincinnati and the St. Louis clubs have never won a National League pennant. The Quakers have been stringing along for 28 years without copping the championship.

## BLUE JAYS DEFEAT THE RAILROADERS

TAKE THREE STRAIGHT SETS  
BY MAJORITY OF MORE THAN  
HUNDRED

By a majority of 123 plus the Blue Jays defeated the Railroaders on the Y. M. C. A. alleys last night in three straight sets. The games were highly interesting and excitement reigned supreme. The Blue Jays rolled a total of 1,267 and the Railroaders 1,135. The individual scores were as follows:

Blue Jays—Powell 146 167 122 total 435; Orr 154 122 149 total 425; Langford 117 158 121 total 396; Railroaders—Craver 111 123 81 total 315; Carmen 111 121 129 total 361; Swank 135 144 174 total 453. Swank was the high man rolling an average of 151. Tonight the Lowell shaft trio will meet the high school three.

MRS. KELLY RETURNS.  
Mrs. George H. Kelly passed through Bisbee last evening on her way to her home in Douglas from Santa Barbara, California, where she had been in a hospital for several weeks following an operation. Mrs. Kelly is still in poor health but her ultimate recovery is fully expected. The trip from California was very hard for her as her condition was weakened because of her long illness. When she reached Douglas she was removed at once to the Calumet hospital where she will remain for a few days to recover her strength.

**ILL WITH TYPHOID**  
John Lynn was taken to the Copper Queen hospital yesterday ill with typhoid fever. He was taken from the old custom house on Naco Road from where several other typhoid cases were taken during the summer.

Meet me at the Woman's club the 18th, and Saturday 19th. Big electrical demonstration by the Bisbee Improvement company.

**WITH NIXON STUDIO.**  
Announcement was made yesterday that Prof. H. E. Nixon's studio had secured the services of Prof. Arthur Spaulding as teacher of violin. Mr. Spaulding was formerly a director of an orchestra at Douglas and for the past year he has been filling engagements on the coast. He will begin his new duties today.

Change of lunch every day at George Robert's on Main street.

**MEXICAN INSANE**  
Francisco Madres, a Mexican, was taken in charge by Constable Twomey yesterday and will be removed to Tombstone today to be examined for his mentalness. Sometime ago the Mexican suffered an attack of typhoid fever and following his recovery he apparently lost his reason.

**MODERN HOUSEWIVES**  
See electricity harnessed and harnessed, do all of the house work without an effort on the part of the operator—Friday and Saturday Nov. 18-19, at the Woman's club.

**ELECTRICAL EXHIBIT TODAY**  
The Bisbee Improvement company will exhibit a number of household appliances at the Woman's club this afternoon for the benefit of the club members and their guests. These appliances are all electrical and are for the purpose of lightening the work of the housewife. There will be about 25 appliances demonstrated. Tomorrow the demonstration will be public.

### TWO LOSERS

Pickpockets may be operating in town, as there were two losses yesterday of money and jewelry. John Wade, who is employed by the Bisbee Fuel and Feed company, lost \$85. The money was in bills and he placed it in a pocket from which it would be almost impossible for it to have fallen out. M. D. Betz, manager of the Royal theater, lost his gold watch some time yesterday afternoon. The watch was fastened to his vest pocket and could not have fallen out of its own weight.

Drop in and get a bowl of soup at the Office Saloon.

**CHANGE DANCE DATE**  
The Country club Thanksgiving dance will be given Thursday night instead of Wednesday night as first announced. This change in date is made because of the other entertainment and dances that are to be given the night before Thanksgiving. The change in date was decided on at the committee meeting at the Copper Queen hotel last night. Refreshments are to be served and there is to be plenty of fresh sweet cider.

**FRIDAYS:**—Clam Chowder, cod fish and cream potatoes at Office Saloon.

**MEDAL SHOOT SUNDAY**  
At the Bisbee Rifle club range there is to be a rapid fire and skirmish shoot Sunday, and there is also to be a contest over the 200, 300 and 500 yards ranges for the National Rifle association medal which is contested for each year. There is only one medal awarded for each contest, it going to the individual making the highest score. It is expected that there will be a big crowd out to the shoot Sunday.

Geo. Robert's, Main Street—That good place to eat. Budweiser beer on draught.

**ARREST REVOLUTIONISTS**  
The alleged proposed revolution in Mexico appears to have been of great extent and was not confined to the interior of the republic. It was reported from Cananea yesterday that twenty arrests were made in that camp Wednesday night and the suspects were confined in the jail. The men arrested were said to have been holding a meeting at which revolutionary speeches were made and that all in attendance were to take part in the revolt when it was scheduled to break out.

**ACCUSES SPECIAL OFFICER.**  
D. C. Delaney, special officer for the E. P. & S. W. road, was given a hearing before Justice High yesterday afternoon on a charge of assault preferred by a Mexican section hand. The latter charged Delaney beat him. Testimony at the trial showed the Mexican had been released from the company's employ and that he refused to vacate a slum owned by the company. Delaney was sent to eject him and said he did not use any greater force than was necessary. The court took the case under advisement.

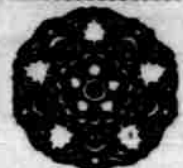

Seaship Oysters—Tovrea's.

**HART CASE TODAY.**  
The Hart murder case will probably be up for trial today in Tombstone. Attorneys George Neale and W. E. Cleary have been employed for the defense. It is expected that this trial will be a hard fight as the outcome depends to a large extent on who was the owner of the knife found by the side of Bean after the shooting. It will be remembered that the view of the shooting Bean claimed that he did not have the knife and at the hearing Hart claimed that Bean drew the knife on him and that he fired in self defense.

**WORTH LOOKING INTO**  
The electrical demonstration given by the Bisbee Improvement company at the Woman's club, Nov. 18, 19.

**DEPORT MANY CHINKS**  
Immigration Inspector Strand, whose headquarters are at El Paso, was in Bisbee yesterday morning on his way from El Paso to Naco. He has recently returned from San Francisco where he took a car load of Chinks from this territory who have been ordered deported to China. He stated that not many Chinese are crossing at present and that the majority of those who are now crossing from Sonora into this country are getting over the line near Nogales where they soon fall into the hands of the immigration inspectors who are keeping a close watch on the border.

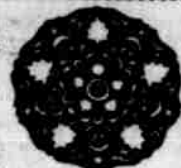

**MEXICO WILL HELP.**  
Mrs. Nava who walked with her husband and children from El Paso to Bisbee, shortly after which Nava went insane and who was committed to the territorial asylum was sent to Naco yesterday by the charity board to see the Mexican consul. If she can prove to the satisfaction of the consul that she became derelict in this country through no fault of her own she will be sent home to her relatives who reside at Guaymas at the expense of the Mexican government and the charity committee will be reimbursed for

**IMPORT SONORA SATTLE.**  
Dr. Vega, the Mexican federal veterinary, was in Bisbee yesterday from Naco where he has been to inspect a herd of 173 cattle that were brought across the line from Sonora into the United States and were received by Bob Frazier. The cattle came from the range country about Bacoach. Dr. Vega was very much interested in the report of the squelching of the alleged proposed revolution in Mexico. He stated that he does not believe that Madera, the man who opposed Diaz for the presidency of the republic was in any way connected with this revolutionary propaganda as Madera is too well informed of the conditions of the country to attempt open revolt against Diaz.
